

“RRAFT ADVISORY COMMITTEE” MEETING 20 SUMMARY

Monday, October 21, 2008

6:00 – 9:00 PM

Missoula FWP Headquarters

3201 Spurgin Road

Missoula

- **Opening and Agenda Overview**
-Charlie Sperry ~ FWP Recreation Management Specialist
- **Full Committee Discussion of Small Group Efforts**
 - Each small group designated a person to share their group's work with the entire committee. One at a time, each small group presented their efforts and answered/discussed items raised by the group as a whole. Using this approach, the committee worked on fleshing out the details surrounding triggers for their respective reaches. Their discussion did not answer all of the questions, and in some cases generated new questions that will need to be addressed. The next meeting will give the small groups an opportunity to incorporate full committee discussion into their work of finalizing trigger recommendations for Reaches 3 and 6. Once these reaches are completed, efforts will begin to examine whether or not triggers for reaches 3 and 6 are applicable to other Blackfoot River reaches and what modifications to triggers may need to take place.
- **Meeting Wrap-up**
 - The meeting ended with a discussion about which type of meeting format the committee felt would be of most use in wrapping up their discussions. The committee decided on another full committee meeting where small groups could work to finalize their efforts. The committee also shared their desire to develop their efforts into deliverable products in order to move forward focusing on other reaches.
- **Meeting Adjourned at 8:45 PM**
